NJSLA & DLM Administration Results-Spring 2024

Board of Education Meeting
October 8, 2024

New Jersey Student Learning Assessment (NJSLA) Overview

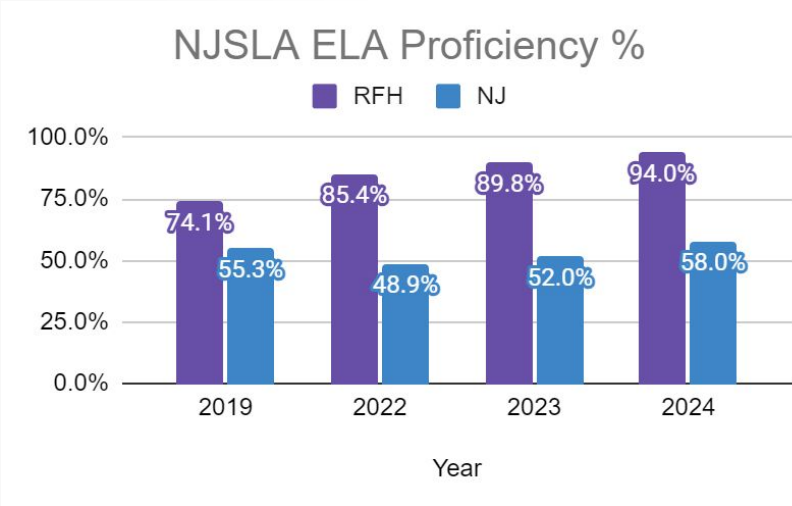

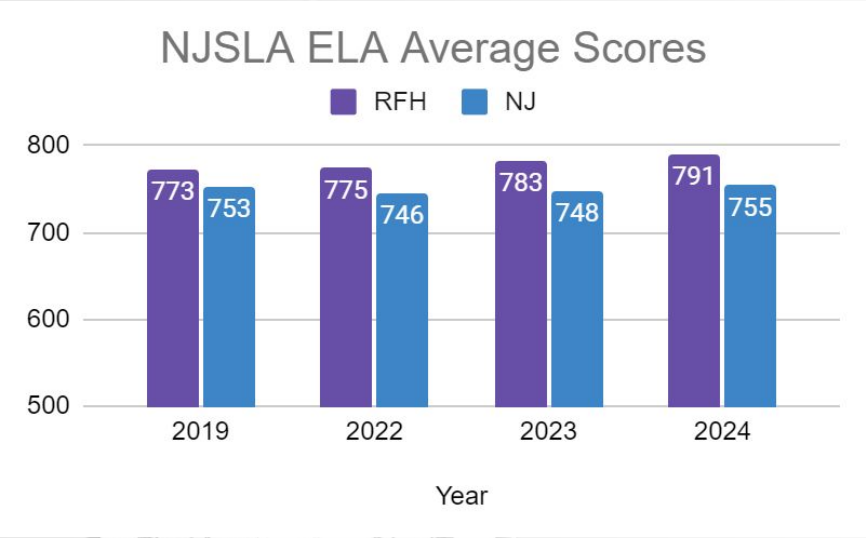

- 
- Third administration since 2019
 - Aim to measure student proficiency in Math, ELA, and Science based on the New Jersey Student Learning Standards (NJSLS)
 - 9th Graders - Math and ELA
 - 11th Graders - Science
 - Administered in person, digitally, via Chromebooks
 - Various types of question compositions (multiple choice, free-response, data analysis, reading comprehension, etc.)
 - Currently a substitute competency test (second pathway) for the Class of 2025
 - Individual Score Reports (ISRs) were mailed home in September, 2024.

Test Administration Details

- 9th: May 20-21, 2024
 - 1 day ELA (Two 90 minute tests)
 - 1 day Math (Two 90 minute tests)
- 11th: May 22-23, 2024
 - 2 days Science (Four 60 minute tests)
- Testing took place mostly in the gym, with separate, smaller testing rooms for those who require them due to testing modifications.

Use of NJSLA Results to Improve Instruction and Performance

- Instructional focus on transferable skills in ELA
- Standard-driven vertical and horizontal articulation of focus skills
- Discussion and collaboration with 9th and 10th grade teachers to re-inforce areas of need
- NJSLA Resources and Information available in Math and ELA LRCs; will be directed towards students who did not meet expectations, but available for all

Dynamic Learning Map (DLM)

- 1 student tested in 2024
 - The number of students for reporting is a minimum of 10 as per suppression rules applied to student data to protect student confidentiality.
 - Districts must complete this reporting to meet the NJQSAC requirements.
- Assessment results should be carefully interpreted in combination with additional indicators of achievement, considering local education conditions.
- Performance Categories- Emerging, Approaching Target, At Target and Advanced
- Individual score reports were mailed to parents in September 2024.
